

# GenCyber Cybersecurity Summer Bootcamp

June 20-24 | Hosted by VCU Computer Science

GenCyber program is a national-level initiative by the National Security Agency (NSA) to provide summer cybersecurity camp experiences at the K-12 level. The program goals include raising cybersecurity awareness and career opportunities, and increasing student diversity in cybersecurity colleges. As part of the GenCyber program, VCU College of Engineering will be organizing a one-week, non-resident cybersecurity bootcamp for the JROTC (Junior Reserve Officers' Training Corps) middle and early high-school students of the greater Richmond area.

- 40 students only
- Formal/informal student learning activities
- Non-technical and technical hands-on exercises
- Tour of cybersecurity facilities at VCU
- Cyber board games
- Cost to students: Free

9 a.m. – 3 p.m. | Virginia Commonwealth University | [gencyber.vcu.edu](http://gencyber.vcu.edu)
